

Bupa Care Services NZ Limited - David Lange Care Home

Current Status: 9 December 2013

The following summary has been accepted by the Ministry of Health as being an accurate reflection of the Surveillance Audit conducted against the Health and Disability Services Standards (NZS8134.1:2008; NZS8134.2:2008 and NZS8134.3:2008) on the audit date(s) specified.

General overview

David Lange Care Home is part of the Bupa group. The service provides hospital, rest home and residential disability (physical) level care for up to 87 residents.

David Lange Care Home is managed by a registered nurse who has been in the role since the project to open the facility began and then opened in July 2011. A clinical manager (RN) and Bupa regional manager (RN) also support her. A comprehensive orientation and in-service training programme that provides staff with appropriate knowledge and skills to deliver care and support is in place. Staff turnover remains low. Family and residents interviewed spoke positively about the service provided.

The two shortfalls identified in the previous audit have been addressed. These are around general practitioners documenting when residents are stable for three monthly review and medication administration documentation.

This surveillance audit identified an improvement required around management of resident's weight loss.

Audit Summary as at 9 December 2013

Standards have been assessed and summarised below:

Key

Indicator	Description	Definition
	Includes commendable elements above the required levels of performance	All standards applicable to this service fully attained with some standards exceeded
	No short falls	Standards applicable to this service fully attained
	Some minor shortfalls but no major deficiencies and required levels of performance seem achievable without extensive extra activity	Some standards applicable to this service partially attained and of low risk

Indicator	Description	Definition
	A number of shortfalls that require specific action to address	Some standards applicable to this service partially attained and of medium or high risk and/or unattained and of low risk
	Major shortfalls, significant action is needed to achieve the required levels of performance	Some standards applicable to this service unattained and of moderate or high risk

Consumer Rights as at 9 December 2013

Includes 13 standards that support an outcome where consumers receive safe services of an appropriate standard that comply with consumer rights legislation. Services are provided in a manner that is respectful of consumer rights, facilities, informed choice, minimises harm and acknowledges cultural and individual values and beliefs.		Standards applicable to this service fully attained.
--	--	--

Organisational Management as at 9 December 2013

Includes 9 standards that support an outcome where consumers receive services that comply with legislation and are managed in a safe, efficient and effective manner.		Standards applicable to this service fully attained.
---	--	--

Continuum of Service Delivery as at 9 December 2013

Includes 13 standards that support an outcome where consumers participate in and receive timely assessment, followed by services that are planned, coordinated, and delivered in a timely and appropriate manner, consistent with current legislation.		Some standards applicable to this service partially attained and of low risk.
--	--	---

Safe and Appropriate Environment as at 9 December 2013

Includes 8 standards that support an outcome where services are provided in a clean, safe environment that is appropriate to the age/needs of the consumer, ensure physical privacy is maintained, has adequate space and amenities to facilitate independence, is in a setting appropriate to the consumer group and meets the needs of people with disabilities.		Standards applicable to this service fully attained.
--	--	--

Restraint Minimisation and Safe Practice as at 9 December 2013

Includes 3 standards that support outcomes where consumers receive and experience services in the least restrictive and safe manner through restraint minimisation.		Standards applicable to this service fully attained.
---	--	--

Infection Prevention and Control as at 9 December 2013

<p>Includes 6 standards that support an outcome which minimises the risk of infection to consumers, service providers and visitors. Infection control policies and procedures are practical, safe and appropriate for the type of service provided and reflect current accepted good practice and legislative requirements. The organisation provides relevant education on infection control to all service providers and consumers. Surveillance for infection is carried out as specified in the infection control programme.</p>		<p>Standards applicable to this service fully attained.</p>

HealthCERT Aged Residential Care Audit Report (version 3.9)

Introduction

This report records the results of an audit against the Health and Disability Services Standards (NZS8134.1:2008; NZS8134.2:2008 and NZS8134.3:2008) of an aged residential care service provider. The audit has been conducted by an auditing agency designated under the Health and Disability Services (Safety) Act 2001 for submission to the Ministry of Health.

The abbreviations used in this report are the same as those specified in section 10 of the Health and Disability Services (General) Standards (NZS8134.0:2008).

It is important that auditors restrict their editing to the content controls in the document and do not delete any content controls or any text outside the content controls.

Audit Report

Declaration

I, XXXXX, Director of Christchurch hereby submit this audit report pursuant to section 36 of the Health and Disability Services (Safety) Act 2001 on behalf of the Designated Auditing Agency named on page one of this report (the DAA), an auditing agency designated under section 32 of the Act.

I confirm that:

a)	I am a delegated authority of the DAA	Yes
b)	the DAA has in place effective arrangements to avoid or manage any conflicts of interest that may arise	Yes
c)	the DAA has developed the audit summary in this audit report in consultation with the provider	Yes
d)	this audit report has been approved by the lead auditor named above	Yes
e)	the peer reviewer named above has completed the peer review process in accordance with the DAA Handbook	Yes
f)	if this audit was unannounced, no member of the audit team has disclosed the timing of the audit to the provider	Yes
g)	the DAA has provided all the information that is relevant to the audit	Yes
h)	the DAA Auditing Agency has finished editing the document.	Yes

Dated Monday, 3 February 2014

Executive Summary of Audit

General Overview

David Lange Care Home is part of the Bupa group. The service provides hospital, rest home and residential disability (physical) level care for up to 87 residents. On the day of audit, there were 86 residents – 36 at rest home level care and 50 at hospital level care. Six of these residents are under 65 years old.

David Lange Care Home is managed by a registered nurse who has been in the role since the project to open the facility began and then opened in July 2011. A clinical manager (RN) and Bupa regional manager (RN) also support her. A comprehensive orientation and in-service training programme that provides staff with appropriate knowledge and skills to deliver care and support is in place. Staff turnover remains low. Family and residents interviewed spoke positively about the service provided.

The two shortfalls identified in the previous audit have been addressed. These are around general practitioners documenting when residents are stable for three monthly review and medication administration documentation.

This surveillance audit identified an improvement required around management of resident's weight loss.

Outcome 1.1: Consumer Rights

Accidents, incidents and complaints alert staff to their responsibility to notify family/next of kin of any event that occurs. An interpreter's policy is in place. Family members and staff, from a range of cultures, are the most common source of interpreter services within the facility. External assistance is available if necessary.

The complaints procedure is provided to residents and relatives as part of the admission process. Information is also posted on noticeboards around the facility. A complaints register is up to date and includes relevant information regarding the complaint. Documentation including follow up letters and resolution demonstrates that complaints are well managed.

Outcome 1.2: Organisational Management

David Lange Care Home has an established quality and risk management system that supports the provision of clinical care and support. Quality and risk performance is reported across the facility meetings and also to the organisation's management team. Four benchmarking groups across the organisation are established for rest home, hospital, dementia, and psychogeriatric/mental health services. David Lange Care Home is benchmarked in two of these (hospital and rest home). The service documents and analyses incidents/accidents, unplanned or untoward events and provides feedback to the service and staff so that improvements are made. Individual incident reports are completed for each incident/accident with immediate action noted and any follow up action required. The data is linked to the organisation's benchmarking programme and this is used for comparative purposes.

There are comprehensive human resources policies including recruitment, selection, orientation and staff training and development. The service has in place a comprehensive orientation programme that provides new staff with relevant information for safe work practice. There is a comprehensive in-service training programme covering relevant aspects of care and support and the requirements.

The organisational staffing policy aligns with contractual requirements and includes skill mixes. The wage analysis schedule is based on the safe indicators for aged care and dementia care and the roster is determined using this as a guide.

Outcome 1.3: Continuum of Service Delivery

The sample of residents' records reviewed provide evidence that the provider has systems to assess, plan and evaluate care needs of the residents. A registered nurse assesses and reviews residents' needs, interventions, outcomes and goals with the resident and/or family/whanau input. Care plans are developed and demonstrate service integration and are reviewed at least six monthly. Resident files include notes by the GP and allied health professionals. There are improvements required around management of residents with weight loss. Medication policies reflect legislative requirements and guidelines. All staff responsible for administration of medicines complete education and medicines competencies. The medicines records reviewed include documentation of allergies and sensitivities and these are highlighted. The activities programme is facilitated by two activities assistants and residents and families report satisfaction with the activities programme. The programme includes significant community engagement including competitions with other aged care facilities in the area. The cook cooks all food on site. All residents' nutritional needs are identified and documented. Choices are available and are provided. Meals are well presented and a dietitian has reviewed the Bupa menu plans.

Outcome 1.4: Safe and Appropriate Environment

Reactive and preventative maintenance is documented and implemented. Fire equipment checks are conducted monthly by an external fire safety contractor and by the maintenance staff as sighted in documentation. The building holds a current warrant of fitness.

Outcome 2: Restraint Minimisation and Safe Practice

There are clear guidelines in policy to determine what a restraint is and what an enabler is. The process of assessment and evaluation of enabler use is the same as a restraint. Currently the service has no residents using restraint and two residents using enablers. Training has been provided around restraint, enablers and challenging behaviours.

Outcome 3: Infection Prevention and Control

The surveillance policy describes and outlines the purpose and methodology for the surveillance of infections. The infection control co-ordinator uses the information obtained through surveillance to determine infection control activities, resources and education needs within the facility. Effective monitoring is the responsibility of the infection control co-ordinator. This includes audits of the facility, hand hygiene and surveillance of infection control events and infections, which have been completed in 2013 as per internal audit schedule. Quality improvement initiatives are taken and recorded as part of continuous improvement. Documentation covers a summary, investigation, evaluation and action taken.

Attainment and Risk: Not Audited

Evidence:

Criterion 1.1.8.1 (HDS(C)S.2008:1.1.8.1)

The service provides an environment that encourages good practice, which should include evidence-based practice.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.1.9: Communication (HDS(C)S.2008:1.1.9)

Service providers communicate effectively with consumers and provide an environment conducive to effective communication.

ARC A13.1; A13.2; A14.1; D11.3; D12.1; D12.3a; D12.4; D12.5; D16.1b.ii; D16.4b; D16.5e.iii; D20.3 ARHSS A13.1; A13.2; A14.1; D11.3; D12.1; D12.3a; D12.4; D12.5; D16.1bii; D16.4b; D16.53i.i.3.iii; D20.3

Attainment and Risk: FA
Evidence: <p>Accident/incidents, category ones, complaints procedure and open disclosure policy alert staff to their responsibility to notify family/next of kin of any accident/incident that occurs. A specific policy to guide staff on the process to ensure full and frank open disclosure is available.</p> <p>Four registered nurses (one unit coordinator from the rest home, one registered nurse from the rest home, one unit coordinator for the hospital and one registered nurse from the hospital) and the clinical manager interviewed stated that they record contact with family/whanau on the family/whanau contact record (sighted).</p> <p>Accident/incident forms have a section to indicate if family/whanau have been informed (or not) of an accident/incident. Incident forms reviewed for November 2013 identified on 17 of 17 incident forms identified that family were informed. As part of the internal auditing system, incident/accident forms are audited and a criterion is identified around "incident forms" informing family. This was last completed in April 2013 at David Lange with a result of 92.8%. Families often give instructions to staff regarding what they would like to be contacted about and when should an accident/incident of a certain type occur. This is documented in the resident files.</p> <p>D16.4b The three relatives (one from the rest home and two from the hospital) interviewed stated that they are always informed when their family members health status changes.</p> <p>A residents/relatives association was initiated in 2009 in order to provide a strategic forum for news, developments and quality initiatives for the Bupa group to be communicated to a wider consumer population. This group meets three monthly and involves members of the executive team including the chief executive officer, the general manager quality and risk and the consultant geriatrician.</p> <p>Interpreter policy states that each facility will attach the contact details of interpreters to the policy. A list of Language Lines and government agencies is available. In addition, a number of staff is able to assist with interpreting for care delivery. A policy on contact with media is also available.</p> <p>D12.1 Non-Subsidised residents/EPOA are advised in writing of their eligibility and the process to become a subsidised resident should they wish to do so. The Ministry of Health "Long-term Residential Care in a Rest Home or Hospital – what you need to know" is provided to residents on entry</p> <p>'D11.3 The information pack is available in large print and advised that this can be read to residents.</p>

Criterion 1.1.9.1 (HDS(C)S.2008:1.1.9.1)

Consumers have a right to full and frank information and open disclosure from service providers.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Wherever necessary and reasonably practicable, interpreter services are provided.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 1.1.10: Informed Consent (HDS(C)S.2008:1.1.10)

Consumers and where appropriate their family/whānau of choice are provided with the information they need to make informed choices and give informed consent.

ARC D3.1d; D11.3; D12.2; D13.1 ARHSS D3.1d; D11.3; D12.2; D13.1

Attainment and Risk: Not Audited

Evidence:

Criterion 1.1.10.2 (HDS(C)S.2008:1.1.10.2)

Service providers demonstrate their ability to provide the information that consumers need to have, to be actively involved in their recovery, care, treatment, and support as well as for decision-making.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): *(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)*

Criterion 1.1.10.4 (HDS(C)S.2008:1.1.10.4)

The service is able to demonstrate that written consent is obtained where required.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): *(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)*

Criterion 1.1.10.7 (HDS(C)S.2008:1.1.10.7)

Advance directives that are made available to service providers are acted on where valid.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 1.1.11: Advocacy And Support (HDS(C)S.2008:1.1.11)

Service providers recognise and facilitate the right of consumers to advocacy/support persons of their choice.

ARC D4.1d; D4.1e ARHSS D4.1e; D4.1f

Attainment and Risk: Not Audited
Evidence:

Criterion 1.1.11.1 (HDS(C)S.2008:1.1.11.1)

Consumers are informed of their rights to an independent advocate, how to access them, and their right to have a support person/s of their choice present.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.1.12: Links With Family/Whānau And Other Community Resources (HDS(C)S.2008:1.1.12)

Consumers are able to maintain links with their family/whānau and their community.

ARC D3.1h; D3.1e ARHSS D3.1h; D3.1e; D16.5f

Attainment and Risk: Not Audited

Evidence:

Criterion 1.1.12.1 (HDS(C)S.2008:1.1.12.1)

Consumers have access to visitors of their choice.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 1.1.12.2 (HDS(C)S.2008:1.1.12.2)

Consumers are supported to access services within the community when appropriate.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.1.13: Complaints Management (HDS(C)S.2008:1.1.13)

The right of the consumer to make a complaint is understood, respected, and upheld.

ARC D6.2; D13.3h; E4.1biii.3 ARHSS D6.2; D13.3g

Attainment and Risk: FA

Evidence:

The number of complaints received each month is reported monthly to care services via the facility benchmarking spreadsheet'. There is a complaints flowchart. The complaints procedure is provided to resident/relatives at entry and prominent around the facility on noticeboards. A complaints register is up to date and includes relevant information regarding the complaint (there have been 11 complaints in 2013 to date). Documentation including follow up letters and resolution demonstrates that complaints are well managed. Verbal complaints are encouraged and actions and response are documented. Discussion with three relatives confirmed they were provided with information on complaints and complaints forms are available at the entrance. Two relatives described having concerns addressed immediately when brought up with management. Of the 11 complaints in 2013, two have involved the DHB. These were around communication between the home health care service and David Lange about a respite resident and communication with a family around a resident's medication. Both have been investigated, corrective actions taken and are now closed.

Criterion 1.1.13.1 (HDS(C)S.2008:1.1.13.1)

The service has an easily accessed, responsive, and fair complaints process, which is documented and complies with Right 10 of the Code.

Attainment and Risk: FA

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 1.1.13.3 (HDS(C)S.2008:1.1.13.3)

An up-to-date complaints register is maintained that includes all complaints, dates, and actions taken.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Outcome 1.2: Organisational Management

Consumers receive services that comply with legislation and are managed in a safe, efficient, and effective manner.

Standard 1.2.1: Governance (HDS(C)S.2008:1.2.1)

The governing body of the organisation ensures services are planned, coordinated, and appropriate to the needs of consumers.

ARC A2.1; A18.1; A27.1; A30.1; D5.1; D5.2; D5.3; D17.3d; D17.4b; D17.5; E1.1; E2.1 ARHSS A2.1; A18.1; A27.1; A30.1; D5.1; D5.2; D5.3; D17.5

Attainment and Risk: FA
Evidence: <p>David Lange provides rest home, hospital and physical disability level care to up to 87 residents. On the day of the audit, there were 86 residents – 36 receiving rest home level care and 50 receiving hospital level care. This includes six residents receiving residential physical disability services. The service is divided over three floors (with one floor having two wards) and all beds on all floors can be used for either rest home or hospital level care. In practice Orion ward (on the ground floor) has capacity for 23 residents and currently has one empty bed, 20 rest home level residents and two hospital level residents. Pegasus ward can cater for up to 20 residents and currently there are 19 hospital level residents and one rest home resident. Phoenix ward caters for 22 residents and currently 16 are hospital level care and six are rest home level care. Gemini ward caters for up to 22 residents and currently 21 are hospital level and one is rest home level. Staffing is designed to cater appropriately for the mix of residents on each level and residents from any floor are welcomed on other floors to visit with several of the rest home level residents on other floors attending the main rest home level activities programme on Orion ward.</p> <p>The facility manager works full time and has been at the service since the facility opened in July 2011. She is an experienced manager and has managed other Bupa facilities for a number of years. Her qualifications include RN, BSc Nurse Practitioner in Chronic disease management of older people, Degree in Entrapreneal nursing. The manager is supported by a clinical manager who is a registered nurse and has worked in aged care in 2002 and for Bupa for the past three years. She has been in the clinical manager role since the facility opened in 2011. . There are two appointed unit coordinators (RN's).</p> <p>Bupa's overall vision is "Taking care of the lives in our hands". There are six key values that are displayed on the wall. There is an overall Bupa business plan and risk management plan. Additionally, each David Lange has developed an annual quality plan. David Lange has set specific quality goals for 2013 including (but not limited</p>

to); a) to maintain occupancy above 92%, b) to reduce falls by 10%, c) to reduce pressure areas to nil, d) to provide a homely environment, e) to produce a regular newsletter, f) to have 10% influenza vaccine rate and g) to provide a personal touch.

Bupa head office provides a bi-monthly clinical newsletter called Bupa Nurse, which provides a forum to explore clinical issues, ask questions, share experiences and updates with all qualified nurses in the company. The Bupa geriatrician provides newsletters to GPs.

There is an overall Bupa business plan and risk management plan.

Bupa has robust quality and risk management systems implemented across its facilities. Across Bupa, four benchmarking groups are established for rest home, hospital, dementia, psychogeriatric/mental health services. Benchmarking of some key clinical and staff incident data is also carried out with facilities in the UK, Spain and Australia. E.g. Mortality and pressure incidence rates and staff accident and injury rates. Benchmarking of some key indicators with another NZ provider was commenced when David Lange opened. This has resulted in improvements to practice as quality improvement plans are developed if ever David Lange's results are outside Bupa's approved threshold for the indicator.

Standardised policy and procedure, annual education programme, core competency assessments and orientation programmes are implemented at all sites including David Lange. Bupa has robust quality and risk management systems implemented at David Lange. Internal audits are completed and all quality data and initiatives and data discussed at facility meetings (minutes sighted). Specific issues identified in Health & Disability Commission (HDC) reports (learning's from other provider complaints) are also tabled at this forum. Three senior members of the quality and risk team are also members of the Bupa Market Unit, Australia/New Zealand Clinical Governance committee who meet two monthly. The aim is to review the past and looking forward. Specific issues identified in Health & Disability Commission (HDC) reports (learning's from other provider complaints) are also tabled at this forum. Three senior members of the quality and risk team are also members of the Bupa Market Unit, Australia/New Zealand Clinical Governance committee who meet two monthly

The facility manager provides a documented weekly report to Bupa operations manager. The operations manager visits regularly and completes a report to the general manager care homes. David Lange is part of the Northern 2 Bupa region, which includes seven facilities. The managers in the region teleconference weekly, Quarterly quality reports on progress towards meeting the quality goals identified are completed at David Lange and forwarded to the Bupa quality and risk team. Meeting minutes reviewed included discussing on going progress to meeting their goals.

David Lange continues to implement the "personal best" initiative whereby staff is encouraged to enhance the lives of residents.

ARC,D17.3di (rest home), D17.4b (hospital), the manager has maintained at least eight hours annually of professional development activities related to managing a hospital. Managers and clinical managers attend annual organisational forums and regional forums six monthly.

Criterion 1.2.1.1 (HDS(C)S.2008:1.2.1.1)

The purpose, values, scope, direction, and goals of the organisation are clearly identified and regularly reviewed.

Attainment and Risk: FA

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 1.2.1.3 (HDS(C)S.2008:1.2.1.3)

The organisation is managed by a suitably qualified and/or experienced person with authority, accountability, and responsibility for the provision of services.

Attainment and Risk: FA

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.2: Service Management (HDS(C)S.2008:1.2.2)

The organisation ensures the day-to-day operation of the service is managed in an efficient and effective manner which ensures the provision of timely, appropriate, and safe services to consumers.

ARC D3.1; D19.1a; E3.3a ARHSS D3.1; D4.1a; D19.1a

Attainment and Risk: Not Audited

Evidence:

Criterion 1.2.2.1 (HDS(C)S.2008:1.2.2.1)

During a temporary absence a suitably qualified and/or experienced person performs the manager's role.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.3: Quality And Risk Management Systems (HDS(C)S.2008:1.2.3)

The organisation has an established, documented, and maintained quality and risk management system that reflects continuous quality improvement principles.

ARC A4.1; D1.1; D1.2; D5.4; D10.1; D17.7a; D17.7b; D17.7e; D19.1b; D19.2; D19.3a.i-v; D19.4; D19.5 ARHSS A4.1; D1.1; D1.2; D5.4; D10.1; D16.6; D17.10a; D17.10b; D17.10e; D19.1b; D19.2; D19.3a-iv; D19.4; D19.5

Attainment and Risk: FA

Evidence:

David Lange has a well-established quality and risk management system. Interviews with staff and review of meeting minutes/quality action forms/toolbox talks demonstrate a culture of quality improvements. Quality and risk performance is reported across the facility meetings, through the communication book, on the noticeboard and to the organisation's management team.

The service has policies and procedures and associated implementation systems to provide a good level of assurance that it is meeting accepted good practice and adhering to relevant standards - including those standards relating to the Health and Disability Services (Safety) Act 2001. All facilities have a master copy of all policies & procedures with a master also of clinical forms filed in folders alphabetically. These documents have been developed in line with current accepted best and/or evidenced based practice and are reviewed regularly. The content of policy and procedures are detailed to allow effective implementation by staff. A number of core clinical practices also have education packages for staff, which are based on their policies. A policy and procedure review committee (group) meets monthly to discuss the policies identified for the next two policy rollouts. At this meeting, policy review/development request forms from staff are tabled and priority for review would be decided. These group members are asked to feedback on changes to policy and procedure, which are forwarded to the chair of this committee and commonly the quality and risk team.

Key components of the quality management system link to the quarterly quality committee through quality reports provided from departments. Weekly reports by facility manager to Bupa operations manager and quality indicator reports to Bupa quality management coordinator provide a coordinated process between service level and organisation; a) There are monthly accident/incident benchmarking reports completed by the clinical manager that break down the data collected and staff incidents/accidents; b) The service has linked the complaints process with its quality management system; c) There is a quarterly infection control (IC) committee at David Lange. Weekly reports from Bupa facility managers cover infection control. Infection control is also included as part of benchmarking across the organisation. There is an organisational regional IC committee. d) Health and safety committee meets quarterly and is an agenda item at the quality committee. Health and safety and incident/accidents, internal audits are completed. Staff and resident health & safety incidents are forwarded to Bupa health and safety coordinator. Any serious incident at any facility is reported to all Bupa facilities as memos/warnings. Annual analysis of results is completed and provided across the organisation. e) The facility restraint meeting meets quarterly and the Bupa regional restraint approval group meets six monthly. David Lange remains restraint free with two resident's using enablers. There is an implemented internal audit programme. Frequency of monitoring is determined by the internal audit schedule. Audit summaries and action plans are completed where a noncompliance is identified. Issues are reported to the appropriate committee e.g. quality. Bupa is active in analysing data collected and corrective actions are required based on benchmarking outcomes. Feedback is provided to David Lange via graphs and benchmarking reports.

The facility manager provides a documented weekly report to Bupa regional manager. A monthly summary of each facility within the operations managers region is also provided for the operations manager, which shows cumulative data regarding each facilities progress with key indicators – clinical indicators / health & safety staff indicators etc. throughout the year. (Operations manager's monthly summaries).

D19.3: There is a comprehensive health & safety and risk management programme in place. Hazard identification, assessment and management (160) policy guides practice. Bupa also has a health & safety coordinator whom monitors staff accidents and incidents. There is a Bupa Health & Safety Plan for 2013 with two objectives

that include the Bfit programme (for staff) and a reduction by 10% in staff injury (these have continued over from 2012). On-going review of these objectives for David Lange is documented in health & safety meeting minutes.

D19.2g Falls prevention strategies are in place that include the analysis of falls incidents and the identification of interventions on a case-by-case basis to minimise future falls. This has included particular residents identified as high falls-risk and the use of hip protectors, hi/lo beds, assessment and exercises by the physiotherapist, landing strips by beds and sensor mats. David Lange has set up a clinical focus group that focuses on reducing incidents. Minimising incidents of Bruising and falls are in track for meeting the 2013 goal.

Criterion 1.2.3.1 (HDS(C)S.2008:1.2.3.1)

The organisation has a quality and risk management system which is understood and implemented by service providers.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.3 (HDS(C)S.2008:1.2.3.3)

The service develops and implements policies and procedures that are aligned with current good practice and service delivery, meet the requirements of legislation, and are reviewed at regular intervals as defined by policy.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.4 (HDS(C)S.2008:1.2.3.4)

There is a document control system to manage the policies and procedures. This system shall ensure documents are approved, up to date, available to service providers and managed to preclude the use of obsolete documents.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.5 (HDS(C)S.2008:1.2.3.5)

Key components of service delivery shall be explicitly linked to the quality management system.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.6 (HDS(C)S.2008:1.2.3.6)

Quality improvement data are collected, analysed, and evaluated and the results communicated to service providers and, where appropriate, consumers.

Attainment and Risk: FA
Evidence:

Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.7 (HDS(C)S.2008:1.2.3.7)

A process to measure achievement against the quality and risk management plan is implemented.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.8 (HDS(C)S.2008:1.2.3.8)

A corrective action plan addressing areas requiring improvement in order to meet the specified Standard or requirements is developed and implemented.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.3.9 (HDS(C)S.2008:1.2.3.9)

Actual and potential risks are identified, documented and where appropriate communicated to consumers, their family/whānau of choice, visitors, and those commonly associated with providing services. This shall include:

- (a) Identified risks are monitored, analysed, evaluated, and reviewed at a frequency determined by the severity of the risk and the probability of change in the status of that risk;
- (b) A process that addresses/treats the risks associated with service provision is developed and implemented.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.4: Adverse Event Reporting (HDS(C)S.2008:1.2.4)

All adverse, unplanned, or untoward events are systematically recorded by the service and reported to affected consumers and where appropriate their family/whānau of choice in an open manner.

ARC D19.3a.vi.; D19.3b; D19.3c ARHSS D19.3a.vi.; D19.3b; D19.3c

Attainment and Risk: FA
Evidence: D19.3c: The service collects incident and accident data. The category one incidents policy (044) includes responsibilities for reporting category (CAT) one incidents. The completed form is forwarded to the quality and risk team as soon as possible and definitely within 24 hours of the event (even if an investigation is on-going)". D19.3b; The service documents and analyses incidents/accidents, unplanned or untoward events and provides feedback to the service and staff so that improvements are made. Individual incident reports are completed for each incident/accident with immediate action noted and any follow up action required. The data is linked to the organisation's benchmarking programme and this is used for comparative purposes. Minutes of the quality meetings and H&S meeting reflect a discussion of results. Seventeen incident forms reviewed for November 2013 identified that all demonstrated clinical follow up by a registered nurse and monitoring (such as neuro obs) having been undertaken when indicated. Discussions with service management, confirms an awareness of the requirement to notify relevant authorities in relation to essential notifications.

Criterion 1.2.4.2 (HDS(C)S.2008:1.2.4.2)

The service provider understands their statutory and/or regulatory obligations in relation to essential notification reporting and the correct authority is notified where required.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 1.2.4.3 (HDS(C)S.2008:1.2.4.3)

The service provider documents adverse, unplanned, or untoward events including service shortfalls in order to identify opportunities to improve service delivery, and to identify and manage risk.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.7: Human Resource Management (HDS(C)S.2008:1.2.7)

Human resource management processes are conducted in accordance with good employment practice and meet the requirements of legislation.

ARC D17.6; D17.7; D17.8; E4.5d; E4.5e; E4.5f; E4.5g; E4.5h ARHSS D17.7, D17.9, D17.10, D17.11

Attainment and Risk: FA
Evidence: A register of registered nurse and enrolled nurse practising certificates is maintained at facility level. Within Bupa website links to the professional bodies of all health professionals have been established and are available on the Bupa intranet (quality and risk / links).

There are comprehensive human resources policies folder including recruitment, selection, orientation and staff training and development. Six files reviewed files (clinical manager, registered nurse (unit coordinator), cook, caregiver and activity therapist) and all had up to date performance appraisals. All staff files included a personal file checklist.

The service has a comprehensive orientation programme in place that provides new staff with relevant information for safe work practice. The orientation programme is developed specifically to worker type (e.g. registered nurse, support staff) and includes documented competencies. New staff are buddied for a period of time (e.g. caregivers two weeks, registered nurse four weeks); during this period, they do not carry a clinical load. Completed orientation booklets are on staff files. Staff interviewed (four caregivers and four registered nurses) were able to describe the orientation process and stated that they believed new staff were adequately orientated to the service.

Interviews with the clinical manager confirmed that the caregivers when newly employed complete an orientation booklet that has been aligned with foundation skills unit standards. On completion of this orientation, they have effectively attained their first national certificates. From this - they are then able to continue with core competencies level three unit standards. (These align with Bupa policy and procedures).

There is an annual education schedule that is being implemented. In addition, opportunistic education is provided by way of toolbox talks. There is a registered nurse training day provided through Bupa that covers clinical aspects of care - eg. Dementia, delirium and care planning. There is evidence on registered nurse staff files of attendance at the registered nurse training day/s and external training.

Discussion with staff and management confirmed that a comprehensive in-service training programme in relevant aspects of care and support is in place. Education is an agenda item of the monthly quality meetings.

A competency programme is in place with different requirements according to work type (e.g. support work, registered nurse, cleaner). Core competencies are completed annually and a record of completion is maintained - signed competency questionnaires sighted in reviewed files. Staff interviewed were aware of the requirement to complete competency training.

D17.7d: Registered nurse competencies include; assessment tools, BSLs/Insulin admin, CD admin, moving & handling, nebuliser, oxygen admin, PEG tube care/feeds, restraint, wound management, CPR, and T34 syringe driver.

Criterion 1.2.7.2 (HDS(C)S.2008:1.2.7.2)

Professional qualifications are validated, including evidence of registration and scope of practice for service providers.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.7.3 (HDS(C)S.2008:1.2.7.3)

The appointment of appropriate service providers to safely meet the needs of consumers.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.7.4 (HDS(C)S.2008:1.2.7.4)

New service providers receive an orientation/induction programme that covers the essential components of the service provided.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.2.7.5 (HDS(C)S.2008:1.2.7.5)

A system to identify, plan, facilitate, and record ongoing education for service providers to provide safe and effective services to consumers.

Attainment and Risk: FA
Evidence:
Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.8: Service Provider Availability (HDS(C)S.2008:1.2.8)

Consumers receive timely, appropriate, and safe service from suitably qualified/skilled and/or experienced service providers.

ARC D17.1; D17.3a; D17.3 b; D17.3c; D17.3e; D17.3f; D17.3g; D17.4a; D17.4c; D17.4d; E4.5 a; E4.5 b; E4.5c ARHSS D17.1; D17.3; D17.4; D17.6; D17.8

Attainment and Risk: FA

Evidence:

There is an organisational staffing policy (359) that aligns with contractual requirements and includes skill mixes. The wage analysis schedule is based on the safe indicators for aged care and dementia care and the roster is determined using this as a guide. There is a roster that provides sufficient and appropriate coverage for the effective delivery of care and support. A report is provided fortnightly from head office that includes hours and whether there are over and above hours.

The roster is flexible to allow for the increase of numbers of residents.

There is at least two RN's 24/7, plus the clinical manager five days a week.

Interviews with three caregivers (across morning and afternoon shift) confirmed that staffing numbers were satisfactory. Interviews with eight residents (five rest home and three hospital) and three relatives (two hospital and one rest home) had no concerns about staffing levels.

Criterion 1.2.8.1 (HDS(C)S.2008:1.2.8.1)

There is a clearly documented and implemented process which determines service provider levels and skill mixes in order to provide safe service delivery.

Attainment and Risk: FA

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.2.9: Consumer Information Management Systems (HDS(C)S.2008:1.2.9)

Consumer information is uniquely identifiable, accurately recorded, current, confidential, and accessible when required.

Attainment and Risk: FA
Evidence: <p>A registered nurse undertakes the assessments on admission, with the initial support plan completed within 24 hours of admission. Within three weeks, the care plan is developed in six of six files sampled.</p> <p>D16.2, 3, 4: In six of six files sampled (three from the hospital, three from the rest home,) the initial admission assessment, care plan summary and long term care plan were completed and signed off by a registered nurse. Medical assessments are completed on admission by the general practitioner (GP) in six of six files sampled and six monthly multi-disciplinary reviews are completed by the registered nurse with input from caregivers, the GP, the activities coordinator and any other relevant person.</p> <p>Eight residents interviewed (three hospital and five rest home) stated that they and their family were involved in planning their care plan and at evaluation. Resident files included family contact records, which were completed and up to date in the six resident files sampled.</p> <p>D16.5e: Six resident files reviewed identified that the GP had seen the resident within two working days. It was noted in resident files reviewed that the GP has assessed the resident as stable and is to be seen three monthly. This has addressed the shortfall from the last audit.</p> <p>A range of assessment tools were completed in resident files on admission and completed at least six monthly including (but not limited to); a) falls risk assessment b) pressure area risk assessment (Braden scale), c) continence assessment (and diary), d) cultural assessment, e) skin assessment, f) and nutritional assessment (MNA), and g) pain assessment.</p> <p>Staff could describe a verbal handover at the end of each duty that maintains a continuity of service delivery. Six files identified integration of allied health and a team approach is evident in the six files. The GP interviewed spoke positively about the service and describes very effective communication processes, which the service has worked hard to improve. The GP interviewed reports that the use of the ISBAR model has improved communication between the GP and the staff and that he is contacted promptly of any change to a resident's condition.</p>

All six files have at least an initial physiotherapy assessment with on-going assessments as necessary. In six of six files, an activities coordinator has completed activity assessments and the activities sections of the care plans

Finding:

Although staff could describe that one palliative care resident was receiving charted Ensure, signing sheets did not always reflect this.

Corrective Action:

Ensure that supplements are signed for as given.

Timeframe (days): 90 (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.3.7: Planned Activities (HDS(C)S.2008:1.3.7)

Where specified as part of the service delivery plan for a consumer, activity requirements are appropriate to their needs, age, culture, and the setting of the service.

ARC D16.5c.iii; D16.5d ARHSS D16.5g.iii; D16.5g.iv; D16.5h

Attainment and Risk: FA

Evidence:

There are two activities assistants. The activities assistants provide activities in the hospital and rest home. On the day of audit, residents in all areas were observed being actively involved with a variety of activities. The programme is developed monthly and displayed in large print. Residents have a complete assessment completed over the first few weeks after admission obtaining a complete history of past and present interests, career, family etc.

D16.5d Resident files reviewed identified that the individual activity plan is reviewed when at care plan review/evaluated.

The programme includes networking within the community with social clubs, schools etc. On or soon after admission, a social history is taken and information from this is fed into the care plan and this is reviewed six monthly as part of the lifestyle care plan review/evaluation. A record is kept individual residents activities. There are recreational progress notes in the resident's file that the activity officers complete for each resident every month. Each resident has a 'map of life'. The resident/family/whanau as appropriate is involved in the development of the activity plan. There is a wide range of activities offered that reflect the resident needs in all areas of the facility, participation is voluntary. The programme is comprehensive and designed for high end and low end cognitive functions and caters for the individual

needs.

D16.5d Resident files reviewed identified that the individual activity plan is reviewed when at care plan review.

Criterion 1.3.7.1 (HDS(C)S.2008:1.3.7.1)

Activities are planned and provided/facilitated to develop and maintain strengths (skills, resources, and interests) that are meaningful to the consumer.

Attainment and Risk: FA

Standard 1.3.12: Medicine Management (HDS(C)S.2008:1.3.12)

Consumers receive medicines in a safe and timely manner that complies with current legislative requirements and safe practice guidelines.

ARC D1.1g; D15.3c; D16.5e.i.2; D18.2; D19.2d ARHSS D1.1g; D15.3g; D16.5i..i.2; D18.2; D19.2d

Attainment and Risk: FA

Evidence:

Medications are managed appropriately in line with accepted guidelines. The medications are stored in locked trolleys for each of the three units. Controlled drugs are stored in a locked safe in the treatment room and only the registered nurses have access to controlled drugs and two people (one being an R.N) must sign controlled drugs out. Registered nurses, enrolled nurses or senior caregivers administer medications and all must have passed their medication competency.

The service uses two weekly robotic packs. Medication charts have photo ID's. There is a signed agreement with the pharmacy.

Robotic medications are checked on arrival and any pharmacy errors recorded and fed back to the supplying pharmacy. There is a list of standing order medications that have been approved by the GP's. Staff sign for the administration of medications on medication sheets held with the medicines. The medication folders include a list of specimen signatures and competencies.

Registered nurses and enrolled nurses are peer reviewed annually and caregivers are selected by the clinical manager and trained in medication administration and competency checked annually. Only those staff deemed competent administer medications. Competencies include a) questionnaire, b) supervised medication round, c) competency sign off.

All 'medication competent' staff are responsible for medication administration in all areas. Competency tests are done annually and if there is a medication administration error. Competencies include (but not limited to); drug administration, controlled drugs, syringe drivers, sub cut fluids, blood sugars and oxygen/nebulisers

Medication – self administration policy (098) states self –administration of medication will be documented in the residents care plan.

There are currently no residents self-administering.

Medication profiles are legible, up to date and reviewed at least three monthly by the G.P. Signing sheets correspond to instructions on the medication chart for 11 of 12 medication charts sampled (link 1.3.6.1). This is an improvement since the previous audit. Residents/relatives interviewed stated they are kept informed of any changes to medications. The medication chart has alert stickers for; a) controlled drugs, b) crushed, d) allergies,

The service has in place policies and procedures for ensuring all medicine related recording and documentation meets acceptable good practice standards. Resident medications are reviewed by the residents' general practitioner at least three monthly. Charts are easy to read and current. Medication audits are completed six monthly. The medication fridge is monitored daily and temperatures are all within the acceptable range. The controlled drug medications held have the correct labelling and prescribed for the resident. There is a weekly controlled drug physical check. All opened eye drops and ointments are dated.

D16.5.e.i.2; Twelve medication charts reviewed identified that the GP had seen the reviewed the resident three monthly and the medication chart was signed.

Criterion 1.3.12.1 (HDS(C)S.2008:1.3.12.1)

A medicines management system is implemented to manage the safe and appropriate prescribing, dispensing, administration, review, storage, disposal, and medicine reconciliation in order to comply with legislation, protocols, and guidelines.

Standard 1.3.13: Nutrition, Safe Food, And Fluid Management (HDS(C)S.2008:1.3.13)

A consumer's individual food, fluids and nutritional needs are met where this service is a component of service delivery.

ARC D1.1a; D15.2b; D19.2c; E3.3f ARHSS D1.1a; D15.2b; D15.2f; D19.2c

Attainment and Risk: FA
Evidence: <p>There is a cleaning schedule – kitchen (056) and a national menus policy (315) which states 'summer and winter menus are of a six weekly cycle and are to be used on a weekly rotational basis and the menus are available on the intranet'. The national menus have been audited and approved by an external dietitian and this last occurred on 15 May 2013. The service employs seven kitchen staff including three cooks. The main kitchen supplies meals for both hospital floors and the rest home. All of the seven staff on the kitchen team at David Lange have completed food safety certificates. The service has a large workable kitchen that contains a walk-in pantry, freezer, three fridges, an air steam oven, bain marie, microwave, commercial oven and hot plates. There is a preparation area and receiving area. Kitchen fridge, food and freezer temperatures are monitored and documented daily and daily in other areas. Resident annual satisfaction survey which includes food, there is also a post admission survey conducted after six weeks. There are a number audits completed include; a) kitchen audit, b) environment kitchen, c) catering service survey, and d) food service audit.</p>

The kitchen produces large print menus with pictures of the main meal each day to make them more able to be understood by residents. Residents are able to use a form to request an alternative if they do not wish to have the prepared meal. A full dietitian approved Indian meal is provided to residents of Indian descent.

There is a nutrition - assessment and management policy (347) and a weight management policy (079).

The residents have a nutritional profile developed on admission, which identifies dietary requirements and likes and dislikes. This is reviewed six monthly as part of the care plan review. Changes to residents' dietary needs are communicated to the kitchen as reported by the kitchen manager. Special diets are noted on the kitchen notice board, which can be viewed only by kitchen staff. Special diets being catered for include soft diets, puree diets and diabetics.

There is a kitchen manual that includes (but is not limited to) hand washing, delivery of goods, storage, food handling, preparation, cooking, dishwashing, waste disposal and safety.

Daily temperature checks of chiller, freezers, bain marie and dishwasher are maintained.

Bupa Care Homes introduced in 2010 a comprehensive food services programme that specifically targeted all areas of the food service as a quality improvement initiative throughout the business. This was in response to further improving on client satisfaction results with the service as identified through resident/relative satisfaction surveys. Achievements of the programme which continues in 2012 include the introduction of a Steering group, monthly teleconferences with the chefs/cooks employed in each home, development of Bupa's own Recipes and Library of these and the review and update of all kitchen policies and procedures. Other activities included the development of "assisted eating posters" which a "Master chef" DVD with Annabelle White, a dementia specific focus included emphasis on use of coloured crockery and suitable tasty finger foods and a streamline national food contract supply for meat, groceries and vegetables. The programme also developed food safety training PowerPoint has to augment the internal core education programme within care homes. Following the pilot of a training programme for staff, Bupa kitchen staff complete unit standard 167 Food safety training. "Showing we care on a plate" was the title/catch phrase for the programme. The cook described this.

D19.2 Staff have been trained in safe food handling.

There is nutrition - assessment and management policy (347) and a weight management policy (079).

Criterion 1.3.13.1 (HDS(C)S.2008:1.3.13.1)

Food, fluid, and nutritional needs of consumers are provided in line with recognised nutritional guidelines appropriate to the consumer group.

Attainment and Risk: FA

Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 1.4.3: Toilet, Shower, And Bathing Facilities (HDS(C)S.2008:1.4.3)

Consumers are provided with adequate toilet/shower/bathing facilities. Consumers are assured privacy when attending to personal hygiene requirements or receiving assistance with personal hygiene requirements.

ARC E3.3d ARHSS D15.3c

Attainment and Risk: Not Audited
Evidence:

Criterion 1.4.3.1 (HDS(C)S.2008:1.4.3.1)

There are adequate numbers of accessible toilets/showers/bathing facilities conveniently located and in close proximity to each service area to meet the needs of consumers. This excludes any toilets/showers/bathing facilities designated for service providers or visitor use.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 1.4.4: Personal Space/Bed Areas (HDS(C)S.2008:1.4.4)

Consumers are provided with adequate personal space/bed areas appropriate to the consumer group and setting.

ARC E3.3b; E3.3c ARHSS D15.2e; D16.6b.ii

Attainment and Risk: Not Audited
Evidence:

Criterion 1.4.4.1 (HDS(C)S.2008:1.4.4.1)

Adequate space is provided to allow the consumer and service provider to move safely around their personal space/bed area. Consumers who use mobility aids shall be able to safely maneuvers with the assistance of their aid within their personal space/bed area.

Attainment and Risk: Not Audited
Evidence:
Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.4.5: Communal Areas For Entertainment, Recreation, And Dining (HDS(C)S.2008:1.4.5)

Consumers are provided with safe, adequate, age appropriate, and accessible areas to meet their relaxation, activity, and dining needs.

ARC E3.4b ARHSS D15.3d

Attainment and Risk: Not Audited

Evidence:

Criterion 1.4.5.1 (HDS(C)S.2008:1.4.5.1)

Adequate access is provided where appropriate to lounge, playroom, visitor, and dining facilities to meet the needs of consumers.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.4.6: Cleaning And Laundry Services (HDS(C)S.2008:1.4.6)

Consumers are provided with safe and hygienic cleaning and laundry services appropriate to the setting in which the service is being provided.

ARC D15.2c; D15.2d; D19.2e ARHSS D15.2c; D15.2d; D19.2e

Attainment and Risk: Not Audited

Evidence:

Criterion 1.4.6.2 (HDS(C)S.2008:1.4.6.2)

The methods, frequency, and materials used for cleaning and laundry processes are monitored for effectiveness.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 1.4.6.3 (HDS(C)S.2008:1.4.6.3)

Service providers have access to designated areas for the safe and hygienic storage of cleaning/laundry equipment and chemicals.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Standard 1.4.7: Essential, Emergency, And Security Systems (HDS(C)S.2008:1.4.7)

Consumers receive an appropriate and timely response during emergency and security situations.

ARC D15.3e; D19.6 ARHSS D15.3i; D19.6

Attainment and Risk: Not Audited

Evidence:

Criterion 1.4.7.1 (HDS(C)S.2008:1.4.7.1)

Service providers receive appropriate information, training, and equipment to respond to identified emergency and security situations. This shall include fire safety and emergency procedures.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): *(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)*

Criterion 1.4.7.3 (HDS(C)S.2008:1.4.7.3)

Where required by legislation there is an approved evacuation plan.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): *(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)*

Criterion 1.4.7.4 (HDS(C)S.2008:1.4.7.4)

Alternative energy and utility sources are available in the event of the main supplies failing.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.4.7.5 (HDS(C)S.2008:1.4.7.5)

An appropriate 'call system' is available to summon assistance when required.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.4.7.6 (HDS(C)S.2008:1.4.7.6)

The organisation identifies and implements appropriate security arrangements relevant to the consumer group and the setting.

Attainment and Risk: Not Audited
Evidence:

Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 1.4.8: Natural Light, Ventilation, And Heating (HDS(C)S.2008:1.4.8)

Consumers are provided with adequate natural light, safe ventilation, and an environment that is maintained at a safe and comfortable temperature.

ARC D15.2f ARHSS D15.2g

Attainment and Risk: Not Audited
Evidence:

Criterion 1.4.8.1 (HDS(C)S.2008:1.4.8.1)

Areas used by consumers and service providers are ventilated and heated appropriately.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 1.4.8.2 (HDS(C)S.2008:1.4.8.2)

All consumer-designated rooms (personal/living areas) have at least one external window of normal proportions to provide natural light.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

NZS 8134.2:2008: Health and Disability Services (Restraint Minimisation and Safe Practice) Standards

Outcome 2.1: Restraint Minimisation

Services demonstrate that the use of restraint is actively minimised.

Standard 2.1.1: Restraint minimisation (HDS(RMSP)S.2008:2.1.1)

Services demonstrate that the use of restraint is actively minimised.

ARC E4.4a ARHSS D16.6

Attainment and Risk: FA
Evidence: <p>Restraint policy (251) states their philosophy is 'We are committed to the delivery of good care. Fundamental to this is our intention to reduce restraint usage in all its forms. Restraining a resident has a hugely negative impact on the resident's quality of life however we acknowledge that there may be occasions when a resident's ability to maintain their own or another's safety may be compromised and the use of restraint may be clinically indicated'.</p> <p>There is a regional restraint group at an organisation level that reviews restraint practices. There is a documented definition of restraint and enablers, which is congruent with the definition in NZS 8134.0. The policy includes comprehensive restraint procedures</p> <p>The process of assessment and evaluation of enabler use is the same as a restraint and included in the policy. The service has two bedrail in use as enablers. There are no residents using restraint. The two files reviewed of the residents with an enabler included assessment, consent, interventions, monitoring and three monthly evaluations.</p> <p>There are clear guidelines in the policy to determine what a restraint is and what an enabler is. The restraint standards are being implemented and implementation is</p>

reviewed through internal audits, facility meetings, and regional restraint meetings and at an organisational level. David Lange has a keypad lock at the front door of the facility that could potentially constitute environmental restraint. The purpose of the keypad is to restrict/managed access by 'visitors/public' into the facility. The manager reports it was put in place given the low social economic environment the facility is in and the fact that there had been a large amount of theft of equipment etc from the facility before the keypads on the doors were put in. The Bupa restraint policy includes actions to be taken when environmental restraint is used. However, at the time of the audit all residents are able to read the code, which is written clearly on the door and all residents, can independently exit the service. This was confirmed in resident interviews and residents were sighted leaving the facility independently during the audit. Therefore, at this time there is no environmental restraint.

Criterion 2.1.1.4 (HDS(RMSP)S.2008:2.1.1.4)

The use of enablers shall be voluntary and the least restrictive option to meet the needs of the consumer with the intention of promoting or maintaining consumer independence and safety.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Outcome 2.2: Safe Restraint Practice

Consumers receive services in a safe manner.

Standard 2.2.1: Restraint approval and processes (HDS(RMSP)S.2008:2.2.1)

Services maintain a process for determining approval of all types of restraint used, restraint processes (including policy and procedure), duration of restraint, and ongoing education on restraint use and this process is made known to service providers and others.

ARC D5.4n ARHSS D5.4n, D16.6

Attainment and Risk: Not Audited
Evidence:

Criterion 2.2.1.1 (HDS(RMSP)S.2008:2.2.1.1)

The responsibility for restraint process and approval is clearly defined and there are clear lines of accountability for restraint use.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 2.2.2: Assessment (HDS(RMSP)S.2008:2.2.2)

Services shall ensure rigorous assessment of consumers is undertaken, where indicated, in relation to use of restraint.

ARC D5.4n ARHSS D5.4n, D16.6

Attainment and Risk: Not Audited
Evidence:

Criterion 2.2.2.1 (HDS(RMSP)S.2008:2.2.2.1)

In assessing whether restraint will be used, appropriate factors are taken into consideration by a suitably skilled service provider. This shall include but is not limited to:

- (a) Any risks related to the use of restraint;
- (b) Any underlying causes for the relevant behaviour or condition if known;
- (c) Existing advance directives the consumer may have made;
- (d) Whether the consumer has been restrained in the past and, if so, an evaluation of these episodes;
- (e) Any history of trauma or abuse, which may have involved the consumer being held against their will;
- (f) Maintaining culturally safe practice;
- (g) Desired outcome and criteria for ending restraint (which should be made explicit and, as much as practicable, made clear to the consumer);
- (h) Possible alternative intervention/strategies.

Attainment and Risk: Not Audited
Evidence:

Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 2.2.3: Safe Restraint Use (HDS(RMSP)S.2008:2.2.3)

Services use restraint safely

ARC D5.4n ARHSS D5.4n, D16.6

Attainment and Risk: Not Audited
Evidence:

Criterion 2.2.3.2 (HDS(RMSP)S.2008:2.2.3.2)

Approved restraint is only applied as a last resort, with the least amount of force, after alternative interventions have been considered or attempted and determined inadequate. The decision to approve restraint for a consumer should be made:

- (a) Only as a last resort to maintain the safety of consumers, service providers or others;
- (b) Following appropriate planning and preparation;
- (c) By the most appropriate health professional;
- (d) When the environment is appropriate and safe for successful initiation;
- (e) When adequate resources are assembled to ensure safe initiation.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 2.2.3.4 (HDS(RMSP)S.2008:2.2.3.4)

Each episode of restraint is documented in sufficient detail to provide an accurate account of the indication for use, intervention, duration, its outcome, and shall include but is not limited to:

- (a) Details of the reasons for initiating the restraint, including the desired outcome;
- (b) Details of alternative interventions (including de-escalation techniques where applicable) that were attempted or considered prior to the use of restraint;
- (c) Details of any advocacy/support offered, provided or facilitated;
- (d) The outcome of the restraint;
- (e) Any injury to any person as a result of the use of restraint;
- (f) Observations and monitoring of the consumer during the restraint;
- (g) Comments resulting from the evaluation of the restraint.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 2.2.3.5 (HDS(RMSP)S.2008:2.2.3.5)

A restraint register or equivalent process is established to record sufficient information to provide an auditable record of restraint use.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 2.2.4: Evaluation (HDS(RMSP)S.2008:2.2.4)

Services evaluate all episodes of restraint.

ARC D5.4n ARHSS D5.4n, D16.6

Attainment and Risk: Not Audited

Evidence:

Criterion 2.2.4.1 (HDS(RMSP)S.2008:2.2.4.1)

Each episode of restraint is evaluated in collaboration with the consumer and shall consider:

- (a) Future options to avoid the use of restraint;
- (b) Whether the consumer's service delivery plan (or crisis plan) was followed;
- (c) Any review or modification required to the consumer's service delivery plan (or crisis plan);
- (d) Whether the desired outcome was achieved;
- (e) Whether the restraint was the least restrictive option to achieve the desired outcome;
- (f) The duration of the restraint episode and whether this was for the least amount of time required;
- (g) The impact the restraint had on the consumer;
- (h) Whether appropriate advocacy/support was provided or facilitated;
- (i) Whether the observations and monitoring were adequate and maintained the safety of the consumer;
- (j) Whether the service's policies and procedures were followed;
- (k) Any suggested changes or additions required to the restraint education for service providers.

Attainment and Risk: Not Audited

Evidence:

Finding:

Corrective Action:

Timeframe (days): *(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)*

Criterion 2.2.4.2 (HDS(RMSP)S.2008:2.2.4.2)

Where an episode of restraint is ongoing the time intervals between evaluation processes should be determined by the nature and risk of the restraint being used and the needs of the consumers and/or family/whānau.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 2.2.5: Restraint Monitoring and Quality Review (HDS(RMSP)S.2008:2.2.5)

Services demonstrate the monitoring and quality review of their use of restraint.

ARC 5,4n ARHSS D5.4n, D16.6

Attainment and Risk: Not Audited
Evidence:

Criterion 2.2.5.1 (HDS(RMSP)S.2008:2.2.5.1)

Services conduct comprehensive reviews regularly, of all restraint practice in order to determine:

- (a) The extent of restraint use and any trends;
- (b) The organisation's progress in reducing restraint;
- (c) Adverse outcomes;
- (d) Service provider compliance with policies and procedures;
- (e) Whether the approved restraint is necessary, safe, of an appropriate duration, and appropriate in light of consumer and service provider feedback, and current accepted practice;
- (f) If individual plans of care/support identified alternative techniques to restraint and demonstrate restraint evaluation;
- (g) Whether changes to policy, procedures, or guidelines are required; and
- (h) Whether there are additional education or training needs or changes required to existing education.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

NZS 8134.3:2008: Health and Disability Services (Infection Prevention and Control) Standards

Standard 3.1: Infection control management (HDS(IPC)S.2008:3.1)

There is a managed environment, which minimises the risk of infection to consumers, service providers, and visitors. This shall be appropriate to the size and scope of the service.

ARC D5.4e ARHSS D5.4e

Attainment and Risk: Not Audited
Evidence:

Criterion 3.1.1 (HDS(IPC)S.2008:3.1.1)

The responsibility for infection control is clearly defined and there are clear lines of accountability for infection control matters in the organisation leading to the governing body and/or senior management.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 3.1.3 (HDS(IPC)S.2008:3.1.3)

The organisation has a clearly defined and documented infection control programme that is reviewed at least annually.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 3.1.9 (HDS(IPC)S.2008:3.1.9)

Service providers and/or consumers and visitors suffering from, or exposed to and susceptible to, infectious diseases should be prevented from exposing others while infectious.

Attainment and Risk: Not Audited
Evidence:

Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 3.2: Implementing the infection control programme (HDS(IPC)S.2008:3.2)

There are adequate human, physical, and information resources to implement the infection control programme and meet the needs of the organisation.

ARC D5.4e ARHSS D5.4e

Attainment and Risk: Not Audited
Evidence:

Criterion 3.2.1 (HDS(IPC)S.2008:3.2.1)

The infection control team/personnel and/or committee shall comprise, or have access to, persons with the range of skills, expertise, and resources necessary to achieve the requirements of this Standard.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 3.3: Policies and procedures (HDS(IPC)S.2008:3.3)

Documented policies and procedures for the prevention and control of infection reflect current accepted good practice and relevant legislative requirements and are readily available and are implemented in the organisation. These policies and procedures are practical, safe, and appropriate/suitable for the type of service provided.

ARC D5.4e, D19.2a ARHSS D5.4e, D19.2a

Attainment and Risk: Not Audited
Evidence:

Criterion 3.3.1 (HDS(IPC)S.2008:3.3.1)

There are written policies and procedures for the prevention and control of infection which comply with relevant legislation and current accepted good practice.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 3.4: Education (HDS(IPC)S.2008:3.4)

The organisation provides relevant education on infection control to all service providers, support staff, and consumers.

ARC D5.4e ARHSS D5.4e

Attainment and Risk: Not Audited
Evidence:

Criterion 3.4.1 (HDS(IPC)S.2008:3.4.1)

Infection control education is provided by a suitably qualified person who maintains their knowledge of current practice.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Criterion 3.4.5 (HDS(IPC)S.2008:3.4.5)

Consumer education occurs in a manner that recognises and meets the communication method, style, and preference of the consumer. Where applicable a record of this education should be kept.

Attainment and Risk: Not Audited
Evidence:
Finding:
Corrective Action:
Timeframe (days): <i>(e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)</i>

Standard 3.5: Surveillance (HDS(IPC)S.2008:3.5)

Surveillance for infection is carried out in accordance with agreed objectives, priorities, and methods that have been specified in the infection control programme.

Attainment and Risk: FA
Evidence: The surveillance policy describes and outlines the purpose and methodology for the surveillance of infections. The infection control coordinator uses the information obtained through surveillance to determine infection control activities, resources, and education needs within the facility.

Individual infection report forms are completed for all infections. This is kept as part of the resident files. Infections are included on a monthly register. Definitions of infections are in place appropriate to the complexity of service provided. Infection control data is collated monthly and reported at the quality, and infection control meetings. The surveillance of infection data assists in evaluating compliance with infection control practices. The infection control programme is linked with the quality management programme. The results are subsequently included in the manager's report on quality indicators. Internal infection control audits also assist the service in evaluating infection control needs. There is close liaison with the GP who advises and provides feedback /information to the service. Systems in place are appropriate to the size and complexity of the facility. Quality Improvement initiatives are taken and recorded as part of continuous improvement. Documentation covers a summary, investigation, evaluation and action taken.

Criterion 3.5.1 (HDS(IPC)S.2008:3.5.1)

The organisation, through its infection control committee/infection control expert, determines the type of surveillance required and the frequency with which it is undertaken. This shall be appropriate to the size and complexity of the organisation.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)

Criterion 3.5.7 (HDS(IPC)S.2008:3.5.7)

Results of surveillance, conclusions, and specific recommendations to assist in achieving infection reduction and prevention outcomes are acted upon, evaluated, and reported to relevant personnel and management in a timely manner.

Attainment and Risk: FA
Evidence:
Finding:
Corrective Action:
Timeframe (days): (e.g. for 1 week choose 7, for 1 month choose 30, for 6 months choose 180, etc.)
