Phase 2 Review of the Manage My Health Cybersecurity Incident

Thank you for your letter dated 2 March 2026 informing Health New Zealand that the Ministry has commenced phase two of the 'Review of the Manage My Health Cybersecurity Incident'.

I fully support the review and can assure you that we will prioritise the work required to support CyberCX as they lead this review on behalf of the Ministry. I share the Minister and the Ministry's interest in looking at how processes and policies may need to change to help ensure that similar breaches do not occur again.

I look forward to receiving a copy of the initial report from phase one of the review.
