

<p>Change Notification: cn_2016_NSUP_NCAMP_PRIMHD_FileVers_v0.3 Date of Issue: 8 October 2015</p>	 <p>MINISTRY OF HEALTH MANATŪ HAUORA</p>
<p>Proposed Implementation Date: 1 July 2016</p>	<p>Subject: Introduce a new file version to PRIMHD</p>
<p><u>CHANGE NOTIFICATION</u></p>	
<p>Summary: This change notification informs the sector that the PRIMHD will have a new file version v2.3. This new file version will apply to Referral Discharge and Legal Status files received on or after 1 July 2016.</p>	
<p>National Collections Impacted by Change:</p>	<p>PRIMHD</p>
<p>Context of the Change: The NCAMP 2016 change to collect the Supplementary Consumer Record information requires us to introduce a new load file version for PRIMHD Referral Discharge files.</p>	
<p>Details of Proposed Change: File Version 2.3 will be the only accepted version loaded on or after 1 July 2016. We will publish a new version of the file specification document and Referral Discharge XML schema and these will describe the structure of this new file version and new validation rules. There will be no structural changes to the Legal Status XML schema, but we will also upgrade its file version from 2.2 to 2.3 purely to keep it even with the Referral Discharge version number.</p>	
<p>What is Expected of the Sector: On or after 1 July 2016 data providers should be submitting Referral Discharge and Legal Status files to the PRIMHD using Version 2.3 including the new Supplementary Consumer Records.</p>	
<p>Impact of Change on National Collection(s): The Ministry of Health will enable File Version 2.3.</p>
