competent to carry out basic lifesaving techniques and the treatment of anaphylaxis

aware it is recommended that I carry indemnity insurance

aware of the scope of my role as a COVID-19 Vaccinator working under supervision, in accordance with regulation 44AB of the Medicines Regulations 1984.

Signature

Date

¹ As at 24 August 2021, the Immunisation Handbook 2020 is in the process of being updated to reflect the role of COVID-19 Vaccinators working under supervision pursuant to Regulation 44AB of the Medicines Regulations 1984. In the interim, you should still refer to the Immunisation Handbook to support your knowledge of COVID-19 and the COVID-19 vaccine and to ensure you follow the Immunisation Handbook's guidelines where applicable to your role as a COVID-19 vaccinator. For example, section 2.2 of the Immunisation Handbook which sets out the guidelines on vaccine administration.
