1. Introduction

1.1 Purpose

This document presents the List of Errors that can result from the processing by the HealthPAC system of a maternity claim submitted under the Maternity 2007 notice.

1.2 Scope

This document is a comprehensive listing of the error codes and error messages provided by the HealthPAC system for claims made under the Maternity 2007 notice.

The error codes and messages correspond to those implemented in the HealthPAC Business Rules engine, wherein the coded logic is identified with a URN. For Maternity 2007, URN numbers are identical to the Error Codes, but are prefixed with “URN”.

1.3 Overview

The errors are grouped under the following categories of implemented rules, each of which has a separate section / sub-section:

- Header Field Rules
- Claim Item Rules, divided into :
 - Claim Validation Rules
 - Date of Service Rules
 - Supporting Rules
 - Item Business Entity Validation Rules
 - General Item Data Rules
 - Item – Conditional Data Rules
- Baby Data Field Rules
