Subject: Alleged privacy breach

Dear James

I have attached the first results of our initial fact finding. I believe to progress you will need to speak to people directly to understand more on who does what and I am happy to provide names to support.

We have also initiated a search of MOH emails in the relevant period to private emails and to NZ herald.

Shona will follow up with you in the morning,

Hope this is helpful - happy to connect as you see fit

Ngā mihi nui | Kind regards
Natalie Richardson
