Dear James

We found the original email trail re the original request:

See below

Anything else required please let me know

thanks

Natalie

Thanks Michelle,

Very appreciated. I understand the time it can take to liaise with shift workers. I'll make sure you are included.

Regards

---

Sure - just wanted to check with my clinical guys – given they are both shift workers and I am usually available 24/7 they have suggested I am the first point of contact as CEO. My mobile is s 9(2)(a) . Obviously I will immediately contact both Karl Taylor, our Chief Paramedic, and Chris Denny, our medical director, in the event of any notification occurring.

Good morning Michelle,

Are you able to provide the contact details (requested below) today please? The document is intended to be finalised today and distributed.

Kind regards

**Subject:** Contact details required for notification process

Good morning all,

I am working on the First Case Protocol notifications, should a case of 2019 novel coronavirus be confirmed within New Zealand.

Could you please provide contact details for your organisation to be used for such a notification.

The details you provide will also be used to inform you if there are subsequent cases.

Could you please provide the information as soon as you are able.

Kind regards
