Dear Mr Wielenga

Tobacco Returns and Reports for 2017

I am writing to you on the understanding that you may need to file a tobacco return for the 2017 calendar year pursuant to section 35 of the Smoke-free Environments Act 1990 [the Act].

Section 35(1) of the Act requires every manufacturer or importer of tobacco products who sells tobacco to file tobacco returns and reports for each calendar year with the Director-General of Health by 31 January of the following year. Failure to supply such returns and reports is a breach of section 36(11) of the Act, the maximum fine for which is \$10,000.

If you did not sell tobacco products in 2017 you do not have to file a return, but please let the Ministry of Health know as soon as possible.

What information is required?

The Act sets out the various matters that you need to include in your return (sections 33 to 35), and Schedules 5 and 6 of the Smoke-free Environments Regulations 2007 [the Regulations] set out the format for these returns and reports. You can view the Act and the Regulations at <http://www.legislation.govt.nz/>

The reports and returns will be published on the Ministry of Health website as set out in Section 35(2)(a) of the Act.

When and how to provide the information

The reports and returns for 2017 are due by **31 January 2018**. For ease of collation we would like to receive the data in an editable electronic format. We do not require hard copies. Your report can be sent to tobacco@moh.govt.nz.

If you have any questions about the above information, please email tobacco@moh.govt.nz.

Yours sincerely
