

Going overseas? Protect your family

THINK MEASLES

There are outbreaks in places like the Philippines, Australia, Europe, UK, Africa, Asia, India and North America

Before you travel

Check if you have had 2 measles vaccinations. Babies and children may need measles vaccination earlier than usual. Measles vaccination is free for New Zealand residents who need it.

After you travel

Call your doctor or Healthline on 0800 611 116 if anyone gets unwell within 3 weeks of returning from your trip. Describe where you travelled.

Talk to your doctor if you are planning an overseas trip
