34	Nga Mataapuna Oranga Limited	87%		▼
35	Eastern Bay Primary Health Alliance	86%		▼
36	West Coast PHO	82%		▼
All PHOs		94%		–

**Increased immunisation**  
The national immunisation target is 95 percent of eight-month-olds will have their primary course of immunisation (six weeks, three months and five months immunisation events) on time. This quarterly progress includes children who turned eight months between April and June 2016, are enrolled in a PHO and who were fully immunised at that stage. Consequently, the All PHOs percentage above will be different to the All DHBs percentage.

## Better Help for Smokers to Quit Using Primary Health Organisation Data

Ranking	PHO Name	Quarter four performance	90%	Change from previous quarter
1	Nelson Bays Primary Health	93%		–
2	Total Healthcare Charitable Trust	93%		▲
