SECTION 34 COURT MAY EXTEND ORDER

(1) Within 14 days before the date on which a compulsory treatment order is to expire under section 33, the responsible clinician must cause the case to be reviewed under section 76.

(2) If, following that review, the responsible clinician is satisfied that the patient is not fit to be released from compulsory status, that clinician may apply to the court for an extension of the currency of the order for a further period of 6 months commencing with the day after the date on which the order would otherwise have expired.

(3) The court must treat the application as if it were an application made under section 14(4). Sections 15 and 17 to 33 apply with any necessary modifications.

(4) If, on any such application, the court extends the currency of the order for a further period of 6 months, on the expiry of that period the foregoing provisions of this section shall apply except that, if the court then further extends the order, the extension shall have effect indefinitely and the patient shall remain subject to the order unless and until he or she is released from compulsory status.
