

## Lead Maternity Carer COVID-19 Care Support Payment

Please populate the table below with the information required, in order to claim the LMC COVID-19 care support payment (CCSP).

The CCSP is available to LMCs who have provided **in-person** care to someone who is COVID-19 positive or a household contact of a positive case and required to self-isolate. This funding is available to support LMCs to continue to provide care to pregnant women/people who are COVID-19 positive in the community, thus helping to alleviate pressure on maternity units.

It also ensures pregnant women/people to continue to receive uninterrupted maternity care.

LMCs can claim the \$100 (excluding GST) CCSP fee once per case, not per visit. It is applicable for antenatal, labour and birth or postnatal care (or a combination of all three).

Please submit one form each quarter. Claims for the previous quarter must be submitted before the end of the next quarter.

First quarter 1 January 2022 to 31 March 2022

Second quarter 1 April 2022 to 30 June 2022

Third quarter 1 July 2022 to 30 September 2022

Fourth quarter 1 October 2022 to 31 December 2022

The CCSP will be audited against the LMCs claiming data and clinical audits may also be undertaken
