**PSYCHOSIS SCREEN (PS) – NZ SECTION 20**

*PS1.* The next questions are about unusual things, such as seeing visions or hearing voices. We believe that these things may be quite common, but we don't know for sure because previous research has not done a good job asking about them. So please take your time and think carefully before answering.

*PS1a.* The first thing is seeing a vision -- that is, seeing something that other people who were there could not see. Did you ever see a vision that other people could not see?

(KEY PHRASE: saw a vision)

1

*PS1a.1.* Did this ever happen when you were not dreaming, not half-asleep, and not under the influence of alcohol or drugs?

1

*PS1a.2.* About how many times in your life did this ever happen (when you saw a vision when you were not dreaming, not half-asleep, and not under the influence of alcohol or drugs)?

*PS1b.* The second thing is hearing voices that other people could not hear. I don't mean having good hearing, but rather hearing things that other people said did not exist, like strange voices coming from inside your head talking to you or about you, or voices coming out of the air when there was no one around. Did you ever hear voices in this way?

(NEW PHRASE: heard voices)

*PS1b.3. Could you give me a brief example of a time when this happened?

*PS1b.4. What do you think caused this to happen?

*PS1c. The third thing is really two. One is believing that some mysterious force was inserting many different strange thoughts -- that were definitely not your own thoughts -- directly into your head by means of x-rays or laser beams or other methods. The other is believing that your own thoughts were being stolen out of your mind by some strange force. Did you ever have either of these mind control experiences?

(KEY PHRASE: experienced mind control)

*PS1c.1. Did this ever happen when you were not dreaming, not half-asleep, and not under the influence of alcohol or drugs?

*PS1e. The fifth thing is believing that some strange force was trying to communicate directly with you by sending special signs or signals that you could understand but that no one else could understand. Sometimes this happens by special signs coming through the radio or television. Did you ever experience these kinds of attempts at communication from strange forces?
