

Taranaki region disability respite options

About respite

'Respite' is taking a break for a few hours, a day, overnight or longer, from your caring responsibilities. It can feel hard to take a break from caring, but taking time out for you can help you feel rested and re-energised.

A 'respite option' is any support or service that gives you a break from caring. This can be a break away or a break in your home.

This brochure includes information on some of the services available in your region that could help you take a break. You can choose the respite options that best suit you and your family. As well as the services listed here, you also have the choice to ask friends or your family for help or use other supports or services.

A Needs Assessment and Coordination Service or NASC can help you get funding for respite and find respite options that will work best for you.
